

## COVID-19: Our office under the orange setting

11 May 2022 - 11 December 2022

Under the Orange traffic light setting, public facilities are open. Face masks continue to be required in most public venues. Vaccine passes are no longer required for people accessing our services. More information on our services can be found on our

## Water Quality Data

<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>

We monitor water quality at 14 stream sites and eight lake/lagoon sites on the main Island.

Samples are collected on a quarterly basis and sent away for laboratory analysis. The data is collated and reported on every year, with more comprehensive analysis undertaken approximately every ten years to look at trends in the data. Below are links to the reports published in the past 10 years:
