Community Outcomes

<input type="text"/>	<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>	<input type="text"/>

Our community outcomes are developed with the community to help us promote Islanders' social, economic, environmental and cultural wellbeing.

Social Wellbeing: Resilient community

Ensure everyone has a sense of belonging and can access information to participate in decision making to help shape the future of the Chatham Islands. We will build and maintain relationships to strengthen active participation in the best interests of the community. Communities are prepared and can recover from the changes in the environment, including natural disasters.

Cultural Wellbeing: Embracing diversity

We celebrate our unique identity through arts, culture, heritage, sport and recreation. We will work with imi and iwi to ensure that appropriate regard is made to miheke/taonga and culturally significant matters. We recognise and value the voices of all cultures and ages within the communities we serve.

Economic Wellbeing: Growth builders

People and goods can move safely and efficiently while reducing impact on the environment. The economy is supported by appropriate infrastructure that protects people and assets. We will support growth of a skilled workforce, increased employment, and opportunities for everyone to contribute to and benefit from a vibrant and prosperous economy.

Environmental Wellbeing: Sustainable action
