Long-Term Plan 2021-2031

<input type="text"/>	<input type="text"/>
<input type="text"/>	<input type="text"/>

The Long Term Plan 2021-2031 represents a three-yearly review of our council activities. It's been developed in response to your community views, legislative changes from central government, and work required to achieve our environmental, social, economic and cultural wellbeings.

We remain reliant on external support from central government. Operating within these funding constraints, impacts on our ability to delivery expected services to our community. Our focus for the next ten years is to secure funding for key projects:

<input type="text"/>	View weather
<input type="text"/>	View tide data
<input type="text"/>	

- Upgrading our three waters infrastructure at Waitangi for water and wastewater and Kaingaroa for water.
- Extending our waste management and minimisation facilities, including a sludge lagoon and new landfill development.
- Developing our roading infrastructure, including securing funding support for the Owenga wharf loading ramp and Strengthening the Kaingaroa wharf.
